

Theralux Active™ Filter Pro CF

Crystal clear,
sparkling water.

Compact design

Easy to use and maintain

Built tough

The compact design allows these filters to be placed within the smallest of plant rooms without sacrificing any water filtration capabilities.

The Filter Cartridges are fabricated from pleated reusable polyester fabric. The media has been pleated to provide 12.5 to 16.7 square metres of surface area in order to maximise the cartridge dirt holding capacity and extend the time between cleaning.

FEATURES

- Air relief valve
- Easy to read pressure gauge
- Hand operated locking ring allowing access to cartridge filter element
- Solid one-piece polymer tank
- Low profile tank design allows easy removal of the cartridge element for cleaning purposes
- Heavy duty polyester filtration fabric with wide deep pleats provides better filtration efficiency, easier cleaning and longer cartridge life

SPECIFICATIONS

Two filter sizes in the range to cater to all pool volumes:

Model Number	180	225
Filter Area (sq ft)	180	225
Max Flow (lpm)	510	510
